

Are you up for the challenge?

Learn to program in SWIFT!

Identify a challenge or opportunity in your area.

Learn to use apps for presenting & prototyping!

Learn to design a web app!

Pitch their app to a panel of judges!

Students who attend a SWVA Can Code camp:

SWVA Can Code Camps are designed to challenge students to develop an app prototype that addresses a key economic or community need.

At A Glance:

- For rising 5-12th grade students
- Camps are FREE!
- Camps are hosted by school partners
- Camps are 24-36 hours long.
- Camp winners will be invited to present at UVAWISE on July 25th!
- Regional winners will earn prizes and special recognitions.

Ways you can support the initiative:

- Volunteer to serve as a camp judge!
- Volunteer to serve as a Pitchfest judge!
- Host a Pitchfest Learning Station!
- Become a SWVA Can Code Sponsor!

Let's talk more about how you can support SWVA Can Code:

Sponsors make the difference!

How will your sponsorship dollars be spent? SWVA school divisions have invested personnel, time, travel dollars, and equipment to ensure students in SWVA have the opportunity to participate. We will use sponsorship funds to help provide refreshments, learning stations, and incentives for regional winners. These kids will be putting their best feet forward and we want to celebrate them and encourage our next generation of business leaders and entrepreneurs.
