

Module 4: Web Design Basics (Grades 7–9)

Objectives

Understand HTML structure.

Apply CSS styling.

Build a personal webpage.

HTML Example

```
<!DOCTYPE html>
<html>
<head>
<title>My Page</title>
</head>
<body>
<h1>Hello World</h1>
<p>This is my website.</p>
</body>
</html>
```

CSS Example

```
body {
  background-color: lightblue;
}

h1 {
  color: darkblue;
}
```

Practice Tasks

Add images.

Change colors.

Create links and lists.
